

## **REQUIRED iXL Summer Work 2025**

### **Christ's Church Academy**

#### **Grades K-12 Math**

CCA makes meeting the needs of our students a priority. iXL is a web-based platform used to help personalize instruction for each of our students. Summer break is a perfect opportunity for students to devote time for growth and reinforcement in identified areas.

ALL STUDENTS IN EVERY GRADE LEVEL (K-12) ARE REQUIRED to complete 100 math problems in June **and** 100 math problems in July using the iXL platform. **During the month of June, students are required to complete 100 problems on the grade level they just finished. During the month of July, students are required to complete 100 problems on the grade level they will enter for the 2025-26 school year.**

If you have recently enrolled at CCA you will receive an email with detailed information to access your account by June 10, 2025.
