

Why Work at Christ's Church Academy?

At Christ's Church Academy, our mission goes beyond education—we strive to make disciples, better disciples, and more disciples through excellence in academics, athletics, and the arts. Our faculty and staff are more than just educators; they are mentors, encouragers, and discipleship leaders who shape the hearts and minds of the next generation.

A Workplace with Purpose

Working at CCA means being part of a Christ-centered educational community where faith and learning are seamlessly integrated. Our mission, rooted in Matthew 28:19, Acts 2:42, and Mark 16:15, calls us to disciple students through academic excellence and intentional relationships. We believe that a Biblical worldview shapes not only what we teach, but also how we live, work, and serve one another.

What Makes CCA a Great Place to Work?
