Partner With Purpose

Our Community Partnership Program provides businesses, families, and community leaders with a meaningful way to invest in the mission of CCA while receiving recognition and marketing benefits that align with their level of support. Whether your passion is athletics, academics, the arts, student life, faculty appreciation, or another area of school ministry, this program is designed to provide flexible opportunities to make a lasting impact.

The partnership opportunities outlined in this brochure represent many of the ways you can support Christ's Church Academy. If there is a specific area of interest not included here, we would be honored to discuss a customized partnership that aligns with your goals and passions.

Thank you for considering an investment in the lives of our students. Your generosity helps us continue building a generation that will change the world through academic excellence, Christ-centered discipleship, and meaningful opportunities to grow in faith and leadership.

If you have any questions or would like to explore a partnership, I would love the opportunity to connect with you.

In His Service,

Brooks Biagini
