

THE EAGLES TRAINING CENTER CAMPAIGN

BRING IT HOME

Bringing daily athletic development home to the CCA campus.

› THE VISION

Ultimately, this is about more than athletics. It is another opportunity to live out the mission of Christ's Church Ministries: **to make disciples, better disciples and more disciples.**

Christ's Church Academy (CCA) is creating an athletics model that brings daily training and development home to campus while utilizing strategic community partnerships for game-day facilities. The Eagles Training Center will provide a dedicated environment where students can grow physically, develop as teammates and leaders, and be intentionally formed as disciples of Jesus.

› WHY IT MATTERS

 **Bring daily practices and training home** — reducing transportation and dependence on off-campus practice facilities.

 **Create a safer, more consistent environment** for student-athletes to train and develop.

 **Serve more than athletics** — creating flexible space for PE, enrichment, conditioning, school-day programming across grade levels, after-school activities, and summer camps.

 **Advance our mission** — creating intentional opportunities for coaching, mentoring, leadership, and spiritual formation.

› WHAT WE ARE BUILDING

Lighted multi-use turf practice field

Two-lane training / sprint track

Strength and conditioning space

Boys' and girls' locker rooms

Restrooms and coaches' space

Batting cages

Community courtyard / gathering space

Spiritual formation elements

› A NEW PATH FORWARD

After evaluating the original on-campus stadium concept, CCA developed a more sustainable athletics strategy: invest in an on-campus training facility for daily student use while partnering with outstanding community facilities for game-day experiences.

This path also creates an opportunity to invest beyond our campus. Through a planned partnership with the City of Jacksonville at Greenland Park, CCA can help revitalize a neighborhood athletic complex that will serve both our students and the surrounding community, extending the impact of this investment beyond CCA and reflecting the broader mission of Christ's Church to love and serve our community.

🏠 ON CAMPUS

EAGLES TRAINING CENTER

Daily training • practices • strength & conditioning • PE & enrichment

📍 GAME-DAY PARTNERSHIPS

FORT FAMILY REGIONAL PARK

Football & Soccer

GREENLAND PARK

Baseball & Softball

› THE FUNDING GOAL

+\$700,000

YEAR-END GOAL BY DECEMBER 31, 2026

Help us close the \$700,000 gap and bring the Eagles Training Center from vision to construction.

\$3 Million TOTAL CAMPAIGN GOAL

Reaching approximately \$2 million in cash and commitments allows CCA to move forward with full construction of the Eagles Training Center. CCA will continue raising the remaining approximately \$1 million over the following 2-3 years, utilizing short-term financing as needed to complete the project.

WILL YOU HELP US BRING IT HOME?

Every gift moves CCA closer to beginning construction and creating a transformational environment for current and future Eagles.

Naming and recognition opportunities are available.
